

THE GLEICHEN CALL

VOLUME XXXVIII NO. 8 GLEICHEN, ALBERTA, WEDNESDAY MAY 9 1945 SUBSCRIPTION \$2.00 PER YEAR

VICTORY LOAN SLOWLY CLIMBING TO OBJECTIVE SET

Up to last night the total amount of money subscribed to the Victory Loan in the district stood at \$75,000 or 75.6 per cent of the quota of \$100,000 from 185 applicants. This is an advance of \$10,000 since last week.

To go over the top by Saturday night 24,400 will have to be raised and no doubt will go much beyond that.

Apart from gratitude for the Victory in Europe, there is no doubt that the most compelling motive for the continued pushing of Victory Bonds is the widespread desire for the return from overseas of the men and women of the armed forces. The movement of hundreds of thousands of these men will take time especially in view of the shortage of shipping. They must be fed, housed and cared for in a hundred and one different ways. This costs money—at least as much money as it took to move them to the battle front.

During the period of this return and after it, it is wounded and the sick must be cared for and restored to health. The maimed must be taught new ways to a good life. Thousands of men must be enabled to return to school and university, trained for new jobs, and helped in every way possible to adjust themselves to a normal life.

Then we must remember that the Asiatic war is a huge business. We are all aware that until the Japs are beaten they would cannot undertake the constructive tasks of peace with undivided attention. The Japs are vicious enemies and will fight to the fanatical determination until the very end. While it is true our Allies will carry a large share of the load, Canada must play its part. The vast distances and complexities of warfare in the Pacific will require important outlays of supplies, for ourselves and for our Allies, even if the full strength of our armed forces is not needed in the march to Tokyo.

But it will not be enough to see the return of our armed forces and to make our full contribution to the defeat of the Jap. We would not be discharging our full duty if the liberated countries are left to starve. They must be fed and provided with the essentials necessary to an orderly life as members of the family of nations. To leave them without help would be to deny the purpose for which our men have fought and to deny the meaning of the Victory. It will be necessary for us to buy large amounts of supplies to send to these countries either as aid or for sale. Production of these supplies will give jobs and incomes to Canadian workers.

While all recognize these obligations arising directly from the war, they are also aware that Victory Loans have an important bearing on the stability and prosperity of our own affairs in the post war years. If we are to go through the period of transition to peacetime living with a minimum of disturbance, we shall need to guard more than ever against the evils of inflation. The conversion of factories from war to normal domestic production will take time. During this period there will not be nearly enough things to buy the mere demand that will place this occupation is very great, but it can be done. It will aid in the solution of this problem if we place them in a position to maintain a substantial volume of spending when our factories and forests, our mines and farms are able to fill all these requirements again.

The value of these accumulated personal savings is not measured in national terms alone. The individual who has a reserve is able to face personal emergencies with confidence. Not only is he able to meet the costs of unpredictable emergencies such as illness or accident, but he will be protected against temporary adjustments in employment. The safety and liquidity of Victory Bonds makes his reserve available at all times and is an important feature of their investment value.

In addition to providing security for individuals in countless different ways savings invested in Victory Bonds will enable every one to share more fully in the comfort and conveniences which will be available in the post-war world. There is no doubt that science and industry will be able to make many new contributions to better living in the future. To the extent we can take advantage of these new things our standard of living is raised. Such a rising standard of living creates fresh opportunities for employment and production and will contribute greatly to our progress through the years.

VICTORY DAY QUIETLY OBSERVED IN THIS VICINITY

The news early Monday morning that the Germans had admitted defeat in the war and had unconditionally and joyfully received in the town and district. That news put everybody in good humor and a real spirit of good fellowship that rivaled any other period of the year developed.

Among those most pleased to know the war in Europe was over were the local China boys for they saw at once China would in time have plenty of fighting material with which to lick the Japs.

Monday afternoon the schools and stores closed. The school children celebrated to the best of their ability and in the evening, built a bonfire on the street near the monument.

Tuesday every place in town was closed including the restaurants and there was an exceedingly quiet day. In the evening the hall was filled for the Community Service of Thanksgiving for Victory, sponsored by the local branch of the Canadian Legion. The services were conducted by Rev. D. A. Ford, B.A., Rev. S. R. Hunt, B.A., and Major A. F. Parkinson of the Salvation Army.

OBITUARY

MRS. CATHERINE E. CLARK

Mrs. Catherine Emily Clark of Cluny, died early Monday morning in the Basano hospital after a lengthy illness, at the age of 70 years. Mrs. Clark was born in England and came to Canada lived in Cluny, Ontario for a time. At the turn of the century moved to Nanaimo, where her parents Mr. and Mrs. J. Shoultice. On December 23, 1904 was married to John Clark at Nanaimo and since that time has resided on the ranch at Crowfoot Creek, some 20 miles north east of Gleichen. Her husband predeceased her in 1929.

Surviving are one son John Roy at home, daughter-in-law and four grand children, Jack, Jean, Douglas and Roy; four sisters, Mrs. McKay, Fort William, Ont.; Mrs. Laurie, Calgary; Mrs. W. Brown, Cluny, Ont.; Mrs. O. Trevelyan, Detroit, Mich.; five brothers, Harry, Shoultice, Nanaimo; Fred and Stanley Shoultice, Calgary; Dr. Earle Shoultice, Toronto; Roy Shoultice, Shoultice, Ala.

Funeral services were held this afternoon in the United Church, Gleichen at 2:30 o'clock with Rev. Lockheart of Basano officiating. Interment was made in the family plot in the local cemetery.

The pall-bearers all old friends of Mrs. Clark were Messrs. B. W. Brown, P. Kelly, H. Shoultice, G. T. Jones, S. Shoultice and W. McLean.

U.F.W.A. LADIES HOLD THEIR REGULAR MEETING

Mrs. L. Lilja was hostess to the ladies of the U.F.W.A. on May 1st, 1945. There were 19 members and two visitors present. Minutes were read and business arising out of correspondence was dealt with.

George Burne was nominated as delegate to the Wheat Pool Junior Conference.

A motion was made that five dollars be sent to the Juniors. G. Ford, who the local will donate the same to the Gardners Scholarship Fund. The U.F.W.A. conference at Brooks will take place on June 16th at 10:30 o'clock and everybody is requested to take along a picnic lunch.

Regarding Olds Road "Week" the society was requested to make reservations for the four delegates Mrs. Chantard, Mrs. Walker, Mrs. Lilja Mrs. J. Stotts. Mrs. D. Yuia was elected as substitute to one one the delegates should not be able to go. The date is July 23 to 27.

Mrs. Carter of the National Field Board will be in Gleichen on June 13. A sewing demonstration was asked for three days during the last two weeks in July at Mendowcroft Hall. Mrs. Lilja kindly offered to board the demonstrators, Miss Siviler. Bulletins were given out for April and "May" be read at coming meetings.

After a delicious lunch and social hour the meeting adjourned to meet again on May 17th, Mother's Day, at the home of Mrs. N. McMillan.

LOCAL NEWS ITEMS

Wm. Varned who has been quite ill is now much improved in health and his many friends hope that he will soon be around once more.

Born to Mr. and Mrs. Karl Lilja in Gros Hospital, on May 2nd, a daughter.

A party was held at the home of Mr. and Mrs. D. McEwan, Saturday evening in honor of their son-in-law N. Gillespie, who recently returned from overseas. All who attended enjoyed themselves immensely. A most delicious lunch was served and provided what wonderful cooks our district can boast of.

Eight Canadian women have been serving as qualified medical doctors with the Canadian army overseas. Two have been in service in Western Europe and Italy.

BLOOD CLINICS WILL CONTINUE FOR SOMETIME

The Red Cross Blood Clinic will be in Gleichen next Wednesday. In this connection it might be added that with the fighting in Europe at an end, our efforts are still needed. Blood Donor Clinics will be continued and their continuance is definitely associated with your voluntary effort of giving your blood. The Red Cross hopes that instead of seeing a decrease in donations there will be an increase so that there will be an adequate supply to be used in our military hospitals at any time as this material is a vital factor in restoring our wounded men's health when they are forced to undergo an operation.

The Red Cross wish to thank you for your past efforts and was know that you will not fail to continue.

Opportunities for ALL

YOUR Liberal Government under Mackenzie King has taken practical steps to see that every Canadian after the war shall have a wide-open chance to make a real success of his life. It can be done by giving everybody the opportunity to get ahead faster and go further.

Let's shed what you want — a chance to make your own way in our own way.

Here are definite, practical steps which the Liberal Government has taken (not just talked about, but taken) to make this Canada a better place to work in and bring up your children.

You will have to decide whether you want the men who devote their resources to carry them through, or whether you wish to ensure your own and your family's future to others.

From July next, Family Allowances are to be paid monthly to assist parents in raising their children—\$250,000,000 a year direct spending power in the hands of people who need it most.

8 New Homes for Canadians
The Liberal Government's new \$400,000,000 National Housing Act enables hundreds of thousands of Canadians to own their own homes. In the first year after Germany's defeat, at least 50,000 dwellings will be built.

9 Returning Veterans
Gratuities, benefits and grants of \$750,000,000 will enable men and women of the Armed Services to apply their energies in building the prosperous Canada for which your Liberal Government has been planning.

10 Floor Prices under Fish and Farm Products
To protect farmers and fishermen and to maintain prices, the Liberal Government has provided floor prices under their products. Prosperous farmers and fishermen make a prosperous Canada.

11 Better Labour Conditions
In cooperation with organized Labour, the Liberal Government has confirmed collective bargaining, provided unemployment insurance, appointed labour representatives on government boards. (More than 600,000 workers, because of the Liberal Government's attitude towards Labour and the labour movement, now get annual vacations with pay.)

12 Reduction in Taxation
The Liberal Government will gradually reduce taxation when the European war is over to free spending power and to give Canadians every opportunity for prosperity, employment and freedom.

What you have done in war—you can do in peace. You can do your part by supporting the Liberal Candidate in your constituency.

Education for Peace

EVENTS OF THE PAST THIRTY YEARS have taught us much about war and peace. In that time we have participated in two world wars and have witnessed twenty years of uneasy peace. We are now nearing another era of peace and there is profound hope among the people of the victorious nations that it will not be uneasy and that it will be more enduring than the last one. It is now realized that there cannot be any hope for permanent world peace unless we are prepared to put into it as much energy and interest as we have put into the preparation for the war. Leadership on the part of people and of nations made it possible for the Axis powers to build up sufficient armed might to seriously threaten the whole world, and there is no doubt but that they are prepared to do it again in the future, if we do not remain constantly vigilant.

Approaches To Task Are Many

Approaches to the difficult task of laying the foundations for an enduring peace are being made through many channels. World trade conditions, social and economic problems, international boundaries and countless other matters are involved in the consideration of possible causes of future wars. Among those who have joined in the effort to plan for a wise and lasting peace are educationists here and in other democratic countries. From them have come strong recommendations that a permanent international office for education be included as part of the world peace machinery. We have seen what was accomplished in Germany by inculcating the youth of that country with Nazi ideas. The great value of an educational program, designed to make our young people aware of the principles of democracy and of the forces which threaten democratic institutions, should not be overlooked at this time.

Should Learn Of Democracy

Educational leaders in Canada have joined with those of Great Britain and the United States in pointing out the importance of education as one means of safeguarding the peace. Dr. E. F. Willoughby, of Winnipeg, President of the Canadian Teachers' Federation, stated recently that "if the people of Canada do not succeed in building a new, intelligent, informed, loyal citizenship we shall lose the war; even though our soldiers march in triumph through the streets of Berlin." He further suggested that Canadian schools should be deliberately designed to provide education "in and for democracy" as a means of preserving our way of life. Such a program would place a great responsibility on those engaged in educational work, but it would also give them an opportunity to have a part in the building of an enduring peace.

GEMS OF THOUGHT

WAITING

There are many times and circumstances in life when "Go strength is, to sit still."—Tryon Edwards.

He that takes time to think and consider will act more wisely than he that acts hastily and on impulse.—C. Simmons.

The mightiest powers by deepest calms are fed.—B. W. Procter.

Since the world is full of trouble, let us hear with the ear, neither hath the eye seen what God hath prepared for them that wait upon Him and work righteousness.—Mary Baker Eddy.

Patience does not mean inactivity. We may work any amount and wait, but we ought not to be idle or careless while waiting.—Gail Hamilton.

Beautiful is the activity that works for good, and the stillness that waits for good; blessed the self-sacrifice of the one, and the self-forgetfulness of the other.—R. Collyer.

The average human body is covered with about 20 square feet of skin.

Planting Potatoes

The Proper Way To Cut Potatoes For Seed

What is the best way to cut potatoes when it comes time to plant them? They should not be put into too many pieces, nor planted in too large chunks.

The proper way to cut potatoes for seed is to divide them into blocky seed pieces weighing from an ounce and a half to two ounces each and with each piece containing two eyes. The tuber's seed end, which contains the most eyes, should be split.

The number of seed pieces which should be cut from any potato depends on its variety and on its size. For example, a six to eight ounce tuber should make four seed pieces. A five ounce tuber can be cut into three pieces—two from the seed end and the other, the stem end of the tuber.

Captain Can't Float

Telephone Operator Had To Have An Explanation

The switchboard operator at the Prince Rupert Drydock one day received the following telephone call from the captain of a ship: "Will you please tell Mr. Halrow, I won't be in today. I can't float."

Somewhat surprised, the operator gave the message to Mr. Halrow, who understood it perfectly. He explained that the captain's ship was on a grid and could not be floated until the next high tide, hence his remark: "I can't float."

It's not the rust on a rusty nail that causes infection. A shiny one can be just as dangerous if it carries germs.

A Fine Institution

Every Class Of People Is Served By Public Library

The public library is one of the finest institutions in the world. It serves every class of the people. And reports from the libraries of this continent show there is a large volume of reading more than ever before in history. The libraries of the world have a great opportunity to guide the selection of the reading matter of youth by supplying the good and healthful literature that is historically true. There is a lot of rubbish printed and read, but there is also a lot of better reading than ever was published before.

Easy Way To Treat Sore, Painful Piles

Here is the chance for every person in Canada suffering from sore, itching, painful piles to try a simple home remedy with the promise of a doctor's name to back it up. The remedy is simple to use and gives relief in a few days. It is a simple way to get a doctor's name to back it up. It is a simple way to get a doctor's name to back it up. It is a simple way to get a doctor's name to back it up.

NOTE: The sponsor of this notice is a reliable firm, doing business in Canada for many years. The remedy is simple to use and gives relief in a few days. It is a simple way to get a doctor's name to back it up. It is a simple way to get a doctor's name to back it up.

No Help Whatever

Gold The Germans Had Stored No Use As War Aid

Just about the most useless thing the Germans could have possessed in this war was all that gold they had cached in a salt mine. Not because they had it hidden in a couple of thousand feet underground but because it was of no use to them in any place or in any form. Gold is, in fact, the one "non-strategic" war metal, as our own Canadian military regulations reveal. It will not serve as rations and is of no help in the provision of munitions or equipment.—Halifax Herald.

Sugar Rationing

The Effect Of The War On Sugar Consumption

In the pre-war period, the United Kingdom was the largest consumer of sugar on a per-capita basis, and Canada was the smallest, according to the second report of a special joint committee of the Combined Food Board, reporting on food consumption levels in the United States, Canada and the United Kingdom. In 1944 the United States is expected to have the largest per-capita consumption of sugar and syrups, and the United Kingdom is expected to be expected during wartime. Reductions of about 10 per cent. in the United States and Canada, and of approximately 30 per cent. in the United Kingdom have occurred since the pre-war period. Sugar was rationed at an early date in all three countries, and the level of consumption has remained fairly constant since rationing became effective. Relatively small increases in consumption are expected in all three countries in 1944, as compared with 1943. Preliminary estimates for 1944 of food supplies entering into civilian consumption per year per head in all three countries place the figures as follows: Sugar and syrups, United States, 104.9 lb.; Canada, 89.6 lb.; Britain, 75.6 lb. Pre-war figures were, United States, 106.7 lb.; Canada, 103.3 lb.; Britain, 108.1 lb.

TO RESTORE CHURCHES

The British Information Services reported that Britain's Protestant churches aim to raise £1,000,000 (\$4,000,000) for rehabilitation of churches and ministries in liberated Europe. The B.I.S. said the plan was made known in a statement from the Archbishop of Canterbury endorsed by the heads of all Protestant denominations in Britain.

The Andes in South America form the world's longest mountain chain.

Interesting Test

Penicillin Mist Absorbed Through Lungs Arrests Growth Of Blood Poisoning Bacteria

Penicillin absorbed in a fine mist and absorbed into the blood through the lungs may become a common way of applying this amazing healer. Reporting in the Lancet, a medical publication, bacteriologists Frank Alexander Knott and W. H. Clark of Guy's hospital, London, told of tests where volunteers sat for 15 minutes in a small closed room in which half a teaspoon of penicillin had been sprayed. Blood samples showed sufficient concentration to arrest the growth of the bacteria causing blood poisoning.

SMILE AWHILE

"How come you didn't turn out?" demanded the sergeant. "Didn't you hear the bugle blow reveille?" "Honest sergeant, I'm afraid I'm going to be a flop as a soldier. I don't know one tune from another."

"Mummy, is the devil a man?" "No, dear, he's worse than a man."

"But, mummy, you don't mean he's a woman, do you?" "There are two things bridge has taught women, concentration and self-control," says a writer.

Not to mention the art of opening cans and how to buy a meal at the delicatessen counter.

"What sort of a dog is he?" "An entomologist." "But an entomologist is a collector of insects."

"Well, he does that all right." "Pop, what is a philosopher?" "A philosopher, son, is a man who is trying to kid himself into believing that he is happy though poor."

Waiter—"What about a chop, sir?" Traveller—"I never eat chop." Waiter—"In that case, sir, dinner is over."

Sambo—"Nigger, you mess mind and you're going to be able to answer to that question."

Rastus—"What great question you means?" Sambo—"Can the dead speak?"

Patient—"Doctor, I must tell you that this is my first operation, and I'm nervous."

Doctor—"I know just how you feel. This is my first operation, too."

As they propped themselves up against the bar, Thomson remarked:

"I say, old man, when your wife's away, do you have to tell her everything that you do?" Johnson put his empty glass down and smiled sadly.

"Not at all necessary," he replied. "She tells me that she always gets more reliable accounts from the neighbors."

"I say, you gave that cloak room attendant an enormous tip," said the business man to his friend as they left the restaurant. "Naturally," said the friend, "look at the splendid new frock he's given me."

Price Control And Rationing Information

Q.—Do I have to surrender ration coupons for infant's food?
A.—Infant's canned vegetables are unrationed, but the canned fruit or fruit mixed with rice or any other food is rationed. The tin is 20 fluid ounces for one preserves coupon, which gives you four of the small five ounce tins.

Q.—Which coupons will we use for preserves and sugar for canning when the present sheet of oranges preserves coupons has been used up?
A.—You will use coupons "P" in ration five for this purpose. The Board will announce in the usual way when the first coupons on this page will become valid.

Q.—I am waiting for my discharge from the Air Force. I have been told that it will be difficult for me to minimize a civilian suit. Does the Government not try to help the servicemen in obtaining clothing?

A.—Every demobilized soldier or woman at the time of discharge will be issued a certificate which entitles him to buy one either ready-to-wear suit or suit tailored to measure. These certificates will greatly assist the servicemen in buying his suit, but it is not compulsory that the certificates be presented when a purchase is made.

Q.—Have any of the ration coupons in ration book five been declared invalid?

A.—All ration coupons in book five are still valid.

Please send your questions or suggestions to the pamphlet "Consumers' News" The Blue Book in which you keep track of your ration coupons, mentioning the name of this paper to the nearest Wartime Price and Trade Board office in your province.

VALUE OF TOXOID EMPHASIZED

The authentic report from the health division of UNRRA that Nazi armies carried diphtheria with them to all parts of invaded Europe is significant in that it serves to emphasize the value of toxoid and just what can happen when health services, including immunization, are disrupted or neglected. Canadian health authorities have reason for alarm over a report.

The UNRRA report said Norway, the Netherlands, Belgium, Northern France and Czechoslovakia suffered especially in that Great Britain, Hungary, where immunization was pushed to the limit, escaped the disease.

Disease carriers with the Nazi armies spread diphtheria epidemics wherever they went. The same can happen in Canada with our own returning troops perhaps being the innocent "carriers."

In an editorial warning against diphtheria, the Toronto Globe and Mail said that "considering that thousands of Canadian soldiers soon will be returning from the Netherlands, Belgium and Northern France, which have especially suffered from the German-borne scourge, the value of toxoid is underlined."

The editorial was published during observance of Toronto's 10th annual Toxoid Week, sponsored by the Health League of Canada and the Toronto Department of Public Health. It stated that "careless parents who fail to take advantage of the opportunity to have children treated at no cost to them will be derelict in duty if they fail to guard against a threatened invasion of the disease. They surely ought to be reminded of this by the warning that oceans constitute no effective barrier against a disease of the diphtheria type."

Dr. Gordon Jackson, Toronto's medical officer of health, said in a Toxoid Week message that toxoid is the only substance known to science that proves efficient, lasting and positively harmless in the protection against diphtheria.

USED LONG AGO

Booby traps were used as early as 1630 when baskets of eggs, fruit or other baits, as well as peddlers' carts were made to appear abandoned and blew up when enemy soldiers touched them.

10 DIESEL TRACTORS

Model 10 (10 HP). Industrial or farm use. Other equipment available. Write, wire, phone. Leventhal & Co., Machinery Agents, McIntyre Block, Winnipeg.

PRISON CAMP COMMANDANT, PRISONER—Yok von Stern, commandant of Oflag 4A, a prison camp near Soest, Germany, was taken so completely by surprise when he was captured by these Yanks that he hadn't time to don his trousers. His long overcoat covers his naked legs.

NOTICE TO CREDITORS AND CLAIMANTS

IN THE ESTATE OF Henry E. Reimhr (Deceased) of the Office of Gleichen in the Province of Alberta, farmer, deceased.

NOTICE is hereby given that all persons having claims upon the estate of the above named Henry E. Reimhr (Reimhr), who died on the 16th day of May, A.D. 1941, are required to file with the undersigned administrator by the 26th day of May A.D. 1945, a full statement duly verified of their claims and of any securities held by them, and that after that date the administrator will distribute the assets of the deceased among the parties entitled thereto, having only regard to the claims of which notice has been so filed or which have been brought to his knowledge.

DATED this 9th day of April 1945
R. D. HENDERSON,
Acting Administrator of Estates of the Mortally Incompetent for the Province of Alberta. Administrator of the Estate of Henry E. Reimhr (Reimhr), Deceased, Provincial Building, Edmonton, Alberta.

Gleanings From The Capital

VETERANS' HEALTH AND WELFARE

Last October the Government Department of Pensions and National Health was split into two new departments: Veterans' Affairs, and Health and Welfare.

Veterans Affairs deals exclusively with matters concerning veterans, and their return to civil life. It helps him take special training, start a business, buy a home or a farm or farming or fishing equipment, or even buy insurance without a medical exam. Sick or disabled veterans are given special treatment through this department, and pensions are administered by it.

The Department of Health and Welfare also deals in human relations although in a less personal way. It administers Acts dealing with child and maternal hygiene, nutrition services, physical fitness, venereal

diseases control, narcotics control, quarantine and medical service, marine hospital administration, public health engineering and the Food and Drugs Act. Last but by no means least the Family Allowance Act—"baby bonus" to you an me—is handled by this department, and the projected health insurance and old-age pension schemes would be, too.

SOLDER THAT STYRUP!

"Thank heaven for the poor maple syrup crop!" groan Post Office repair men, as they sway, salvage, re-pack and re-insure soldiers' parcels damaged by maple syrup oozing from containers insecurely wrapped. Ideal method for packing maple syrup, says post office in metal containers with lids soldered on, wrapped in some absorbent material and packed in a corrugated paper box.

35 QUARTERS OF ETHER

May 4 to June 1st the air-ways will be humming with political speeches. The CBC has set aside 14 1/2 hours free time on the national network for Canada's political parties. (Of course they can buy more time.) Based on the number of candidates running time has been dealt out like

this: 5 1/2 hours to the Liberals, 3 1/2 hours to the Progressive Conservatives, 3 1/2 to the C.C.F., 1 hour each to Social Creditors and Labor Progressives.

RUSSIAN PIPE LINE

The Russians have started building a 500-mile pipeline which will carry gas from the Volga city of Saratov to Moscow at half what it now costs Moscow households. The line will run across 50 rivers, five lakes and 25 railways and highways. In spite of this, the plan calls for its completion within a year.

FILIPINO WOMEN GURILLAS

Filipino women have been centuries fought side by side with their men. Here are stories of two of them. The first, living in Leyte, fled to the hills when the Japanese came. Given a carbine brought in by a U.S. submarine, she accounted for 55 Japanese soldiers. Her comment was, "I could have done it if I'd been given my carbine sooner!" Another famed woman guerrilla in the Philippines directed some 300 men in ambushing Jap patrols, dispatching them with bow and rifle. She maintained regular contact with invasion headquarters

FAMILY ALLOWANCES AND INCOME TAX

THE following announcement will help to clarify the relationship between Family Allowances and Income Tax credits for dependent children. Family Allowances are payable from July 1st, 1945, and the registration of children is now taking place.

The Family Allowances Act was designed to help equalize opportunities for all children, and when the Act was passed, Parliament approved the principle that there should be no duplication of benefits by way of Family Allowances and Income Tax credits for the same child. An amendment to the Income War Tax Act will be made to deal with this duplication. In the meantime, however, the Govern-

ment proposes, for the last six months of 1945 during which Family Allowances are payable, to remove duplication by adjusting the income tax credits received for children.

It is natural that parents in the low income groups will be expected to receive maximum benefits from Family Allowances. Partial benefits will be received, however, by parents with incomes up to \$3,000. The table below shows the effect of the adjustments which the Government has decided to make. For convenience and simplicity the benefits received by each income group are shown as a per cent of the Family Allowances. The table shows:

TABLE SHOWING EFFECT OF ADJUSTMENT FOR 1945

AMOUNT OF TAXABLE INCOME	Percent by which taxpayers will benefit from increased income tax credits, for 1945
Over \$1200 but not over \$1600	100%
1600 " " " " " "	90%
1600 " " " " " "	80%
1800 " " " " " "	70%
2000 " " " " " "	60%
2200 " " " " " "	50%
2400 " " " " " "	40%
2600 " " " " " "	30%
2800 " " " " " "	20%
3000 " " " " " "	10%
3000 " " " " " "	0%

NOTE:—The table applies to married persons only. For the purpose of married persons for income tax purposes, for the relatively small number of single persons supporting children and not having married status for income tax purposes, the number of the Armed Forces, special rules can be obtained from the Regional Director of Family Allowances in each provincial capital.

Family Allowances will be paid in full

In all cases, those who apply for and are eligible to receive Family Allowances will receive them in full, month by month. See scale below:

SCALE OF MONTHLY ALLOWANCES FOR THE FIRST FOUR CHILDREN

For each child	
Under 6	\$5.00
From 6 to 9, (inclusive)	6.00
From 10 to 12 (inclusive)	7.00
From 13 to 15 (inclusive)	8.00

Where there are more than four children under 16 in the family, the monthly allowance for each child after the fourth will be reduced in accordance with the provisions of the Family Allowances Act.

As far as is possible, to take care of the adjustments necessary to avoid duplication of benefits, current income tax deductions at the source will be adjusted to take into account the new situation when Family Allowance payments commence. This will avoid placing an awkward burden on the taxpayers at the end of the year.

FAMILY ALLOWANCES ARE NOT TAXABLE

Special attention is drawn to the fact that the income ranges used in the table above refer to taxable income, and any amounts received as Family Allowances should not therefore be included in calculating income for this purpose because Family Allowances are not taxable.

Family Allowances are also additional to dependents' allowances for servicemen's families and military pensions.

For children registered after July 1st, 1945, Family Allowances will be paid as from the month following the month when registration is made. Family Allowances are not paid retroactively.

Published under the authority of
Hon. BROCK MCKAY, Minister,
Department of National Health and Welfare, Ottawa

NOTE THESE TWO EXAMPLES

1. Family with two children, ages 6 and 8, with total income during 1945 of \$1200.

TOTAL FOR SIX MONTHS OF 1945

First Child . . . \$36.00

Second Child . . . 36.00

\$72.00

As this family does not benefit in any way of income tax credits, it receives and keeps the full amount as stated above.

2. Family with two children, ages 6 and 8, with total income during 1945 of \$1950.

TOTAL FOR SIX MONTHS OF 1945

First Child . . . \$36.00

Second Child . . . 36.00

\$72.00

Amount refundable, being

loss of income tax credits . . . 28.80

Amount retained (60%, see

table) . . . 43.20

GREAT WIND AND DUST STORM DOES VERY LITTLE DAMAGE

Shortly after nine o'clock Saturday night the worst dust storm ever seen here hit the district and for about two hours was so bad that it was impossible to see very far. At first there was considerable daylight when the storm struck it was a sight to see. In coming to Gleichen the storm came from the north and west of town. The head of it could be seen sweeping south, on the reserve and then swept east. The forefront of it was several hundred feet in the air and had a snout like appearance and looked like fog. A couple of miles behind the whole sky was blue black. When the black cloud of dust hit town all daylight was blotted out in an instant. So complete was the darkness that electric lights across the street could not be seen for minutes at a time. The street lights went out and stayed out. The residential lights went out several times but came on again in a few minutes.

There were quite a few cars in town from the country and the owners did not attempt to leave town for home until the storm had abated.

As an example of how severe the storm was at the beginning. Folks rushed out of business houses to close the windows of their cars which were parked close at hand. They just could not find their cars and dashed back inside. Their friends then claimed they hadn't washed for a year judging by the amount of real estate they were carting around on their faces.

Later, even though the storm had not subsided very much, town folks wound their way home by car driving at a snail's pace. Nothing could be seen ahead. Navigation was aided by backseat drivers and watching road sides which was lit up to some extent by the headlights. Some cars did wind up in deep ditches and were left there for the night.

Oley, the well known bus boy fell into one of the holes dug in attempt to find the leaks in the water main, hurting his back somewhat. He was trying to find his way home and became completely lost. Finally he

drifted into a private resident in town. At eleven o'clock he was taken home in a car and was as happy as the storm was dusty. He was not the only person to get lost. Other people wandered into houses several blocks from their homes an unrecognizable mass of dirt.

Sunday was the busiest day seen in Gleichen in many a moon. Dust was taken out of residences and business houses by the shovelful.

There was not much damage done in town by the wind. One or two poles carrying power lines were broken. Part of the fence surrounding the tennis court went down. The arena suffered the most damage. Both the north and south walls were blown down and with them went the tiered seats. No doubt much seeding was blown out of the fields and will have to be done over again.

LOCAL NEWS ITEMS

Mrs. W. Schmidt attended the annual luncheon of the American Women's Club at Calgary last week.

Mike Rodominsky who has been quite ill is much improved in health.

Everybody of any importance in Gleichen and district was in Basano Saturday. They went by the carload, truck loads and van loads. Oh boy!

F.O. Elliot Evans and his friend F.O. Bill Delaney of No. 3 Calgary spent the weekend in town. They have been posted to Brandon, Man., and left for that point on the train Sunday evening.

Gleichen is Proud of the Men From This Community on Active Service

Wherever a group of Gleichen people gather these days the chief topic of conversation is the latest news of local boys on active service. It's the doings of our men that brings the war home to us ... that makes us realize that this is our war. We read their letters and follow their doings with keen interest. We are proud of them.

Let's Give Them Reason to be Proud of Gleichen

Wonder if men from this community boast about Gleichen? We hope they do. We hope they're proud of their home town; proud of the part that we here in Gleichen are playing in the home front war effort.

Let's make sure about this. Let's put our objective for the 8th Victory Loan over in a way that will make this community talked about.

Let's make Gleichen's Victory Bond sales good news for Gleichen men over there.
